## Earn Big When You Help Other Businesses Save on Healthcare

### You're Already In!

As a valued Sterling Membership Employer, you're eligible to earn direct financial rewards when you help other businesses sign up for Sterling Memberships.

### How It Works

- Refer another employer to Sterling Memberships
- When they enroll, you earn a credit or payment equal to their first month's membership invoice
- No limits — the more businesses you refer, the more you earn!

### How to Participate

- You're automatically eligible — no sign-up required
- Simply make an introduction to our Sales Team
- We'll do the rest and keep you informed
- Once the company signs up and their first invoice is processed and paid — you get paid.

### Your Referral = Real Dollars

#### Example:

You refer a business that signs up 100 individuals at \$60 per membership.

Their first month's invoice = \$6,000

You will receive a \$6,000 credit or payment once their invoice is processed and paid.

### Best Practices to Maximize Your Rewards

- Share your Sterling experience with other business owners
- Invite contacts to a Lunch & Learn or connect them with our Sales Team
- Use our Membership & Employer Website Pages for information and materials
- Work with your Sterling Account Specialist for support
- Follow up with your contacts after making introductions
